

Do you know how to use the Burtle Village Defibrillator?

Would you know how to deal with an emergency?

Nathan Chard who looks after the defibrillator for us will be at March Cafe Burtle to give us a chance to have a good look and become familiar with the Village defibrillator which is located outside of the Village Hall.

Come along on **Saturday 9<sup>th</sup> March between 10am and 12noon** to check out the equipment and learn what to do in an emergency.

Everyone is welcome
