

## **Burtle Parish Council Summary – February 2019**

An extra meeting was held on 20<sup>th</sup> February to discuss the additional information and plans submitted for Planning application at the school site. Comments were required by 28<sup>th</sup> February ahead of the March Sedgemoor Planning Committee meeting.

Unfortunately, the discussion had to go ahead without the benefit of a response to an email to the planning officer asking for clarification on some matters. After much discussion Cllrs were unanimous in being unable to support the application although they agreed not to pursue some aspects in the interests of conciliation. The main reasons still causing concern are the proposed boundary treatment, overlooking of the churchyard and neighbouring properties and the impact on the adjoining grade 2 listed church. A full copy of the response is appended to the minutes of the meeting which may be found on the Parish Council page of the Burtle website.
